There is nothing in the file to show that Lakshminarasappa held a permanent post. From the Statement of the D.P.I. Education of 23rd Jany 1908, it will be seen that the person in question was a clerk on Rs 25/ working in the Mysore Industrial School & had then put in a/service of 3 years qualifying nearly NV on "1.7.1908" (Sic). He was transferred 14/12 to the Institution from the AV School Vedavati.

Hy.S — para 7 In his letter R. 23 dt. 9-1-1908 the D.P.I. (Education Circle) ~~Mysore~~ the present Writer (Mr. Y. Lakshminarasappa) was for about 8 years in pensionable Service as an Asst. master of the A.V. School, Vedasandra, before he was brought to the Provincial School. It is further seen from the Statement accompanying the above letter that Mr. Lakshminarasappa had put in a qualifying Service of nearly 13 years on 1st July 1908. Agreeably to Govt. Order No. 11437-8 Edn. 255-02 dt. 7-5-1908 (which ordered that the Supdt., Asst. Supdt., Writers & the drawing master of the School be placed on a permanent footing) Mr. Y. Lakshminarasappa was also placed on a permanent footing as he was a clerk on Rs 28/- at the time. It is therefore clear that until the time he was transferred to the newly formed Chamarajendra Technical Institute his Services were permanent and pensionable.

R — 7 Again in para 8 of Govt. Order No. 8834-46 Edn. 462-09-24 dt. 1-5-13 it was laid down that "with the exception of those already in the permanent Service of Govt., the Staff employed in all these Schools (of which the C.T.I. is one) will be placed on a temporary footing." Service at the time as explained above and had already put in a qualifying Service of about 18 years by that time, his subsequent Service at the C.T.S should be considered to be on a permanent footing and therefore qualifying for pension as per para 8 of the Go. dt. 1.5.13. This may be intimated to the compltr. So as to enable the pension admissible under the rules being sanctioned to Lakshminarasappa.

2 As regards the general question raised by the compltr. whether the additional staff employed in the C.T.S in May 1913 & 1917 should be treated as permanent & pensionable along with those transferred from the old Industrial & Engineering Schools, the opinion of the Govt. of India may perhaps be obtained in the matter in the first instance.

To

B. Srinivasa Iyengar, Esq., B.A., B.L.,
Secretary to the Government of Mysore,
Financial Department, Bangalore.

SIR,

In connection with the pension papers on behalf of Y. Lakshminaranappa, late Store Keeper of the Chamarajendra Technical Institute at Mysore, received with correspondence ending with letter No.H.196/I.S. dated 28th July 1926 from the Director of Industries and Commerce in Mysore, I have the honor to state as follows:-

(i) The Chamarajendra Technical Institute at Mysore was formed by the amalgamation of the old Industrial School and the Engineering School at Mysore in 1913 and the employees of the two institutions were transferred to the newly formed Technical Institute.

(ii) In Government Order No.11437-8/Edn.255-07-2 dated 17th May 1908, Government sanctioned that the services of some of the employees (e.g., the Superintendent, the Assistant Superintendent, the Drawing Master and the clerks) transferred from the Industrial School should be treated as permanent and pensionable, while the men transferred *from the Engineering School were already permanent. Of the men so transferred from the Industrial School, the applicant Y. Lakshmi*naranappa was one (Store Keeper).

(iii) In May 1913, certain new appointments were added to the staff of the Institute as per Government Order No.8834-40/Edn.462-09- dated 1st May 1913; but they were all placed on a temporary footing at the first instance. The subsequent Government Order No.8891-3/Edn. 45-16-27 dated 5th May 1917 *revising the establishment of the* -

Institute

N

Institute is silent about the confirmation or manner of treatment of services of the men entertained in May 1913. In consequence a doubt has arisen as to how the services of the staff of the Institute both old and new-should be treated for the purposes of pension, as there are at present no Government Orders making the whole establishment of the Chamarajendra Technical Institute permanent and pensionable.

2. I therefore request that you will be so good as to obtain the orders of Government on the following points:-

(1) Whether the additional staff employed in May 1913 and 1917 should be treated as permanent and pensionable, along with those transferred from the old Industrial and Engineering Schools;

(2) Whether the service of the applicant Y. Lakshminaranappa in the Chamarajendra Technical Institute may be treated as qualifying for pension and the pension admissible under the rules allowed to him.

On receipt of orders on the above points, the pension case of Y. Lakshminaranappa will be disposed of by this office.

3. A copy of letter No.D2 Dis./24-6 of 26-27 dated 5th October 1926 from Inspector General of Education, furnishing certain details regarding Chamarajendra Technical Institute in reply to enquiries made by this office, is enclosed for kind reference.

==========

With reference to your letter No.107 Pen. dated 31st August 1926, requesting that you may be furnished with certain information regarding the establishment of the Chamarajendra Technical Institute, I have the honor to state that the Chamarajendra Technical Institute was formed by the amalgamation of the Industrial School, Mysore and the Engineering School, Mysore, in 1913. The papers connected with the formation of the Institute have been destroyed. From the History of services maintained in this office, it is seen that the following establishment of the Industrial and the Engineering Schools might have been transferred to the Chamarajendra Technical Institute.

in their order No.11437-8/Edn. 255-07-2 dated 17th May 1908, have sanctioned the recommendation of the Committee of the School to place the Superintendent, the Assistant Superintendent, the Drawing Master and the clerks, on the permanent establishment of the school and to treat their services as qualifying for pension. They have also ordered that the Maistries and teachers of the General Education Branch may be considered so after 10 years of approved service. The pension charges have been ordered to be met from the provincial funds.

The men in the Engineering School were permanent men.

With regard to the tenure of appointment of the employees of the Chamarajendra Technical Institute after it was formed, there does not seem to be any other order excepting the one issued on 1st May 1913 referred to in para 4 of your letter.

No information is available in this office with regard to the funds from which the Institute was being maintained. The books of the Comptroller's Office relating to the period may perhaps furnish the necessary information.

Sir,

I the undersigned Y. Lakshminarasappa Ex: Store Keeper Chamarajendra Technical institute Mysore, beg to bring to your kind notice that my pension has not as yet been Sanctioned, though it is complete 17 months since my retirement was effected. I have completed a Service of 30 years and 4 months without the least flaw in it, which can be seen in my Service Register. To my several applications to the Comptroller, I have invariably been informed that the papers were forwarded to the Government and the orders were not received. A mechanical instructor of this institute by name Syed Hussain and one M. D. Alasingacharlu the accountant of this institute, were given pension without any objection raised to it. To my greatest misfortune, even after so long a time, to my application for the grant of anticipatory pension, the reply received from the Comptroller, I herein, enclose for your kind perusal and favour of early Sanction. I need not say to what plight a poor pensioner like myself will be put to, when he is suddenly deprived of all his pay and does not get his pension even for such a long time, as has been my misfortune to experience. as I do, entirely on what I can get from the Government for the maintanance of myself & my family. I have been forced to enter into debts, wherever I could get the same, and now that I am unable to get even any debts; I have no alternative other than appealing to your mercifulself to do the needful, so that the applicant may kindly be relieved of his difficulties and favoured with early sanction of his pension.

For which act of kindness, I shall ever be grateful

Bangalore (India.)

To

I & C 281-26-5

N. Rama Rao, Esq., B.A., B.L.,
Secretary to the Government of Mysore,
Development Departments, Bangalore.

SIR,

With reference to your letter No. D. 10842/I & C 281-26-4 of the 4th June 1927 conveying the instructions of Government for the preparation of a statement showing the permanent and the temporary staff in the Chamarajendra Technical Institute on the principles laid down in your letter, I have the honor to submit a statement along with this letter. The Chamarajendra Technical Institute was formed in the year 1913 by the amalgamation of the Mysore Industrial School and the Engineering School. In their order dated 7th May 1908 Government directed that the Superintendent, Assistant Superintendent the Drawing Master and the Clerks in the School should be considered as permanent and that Maistries and Teachers employed at the time should be considered as permanent and eligible for pension when they had put in ten years of service. The men transferred from the Engineering School had a right to be regarded as permanent as they all held permanent posts at the time. In the statement prepared and submitted herewith, the present holders of the posts declared as permanent in the Government order of the 7th May 1908 are shown as permanent and eligible for pension. The Maistries and Teachers who were transferred from the school and who are now in the Institute are also shown as permanent. In addition to these specific teachers, other instructors who were not then in service at the time are also shown as permanent if they have put in 10 years of service. The men transferred from the Engineering School are no longer in service.

Your letter does not indicate whether the posts held by these men may be considered as permanent and the present holders maybe considered as permanent and eligible for pension if confirmed in these posts. In the statement submitted herewith the men holding the posts transferred from the Engineering School have been considered as permanent and eligible for pension if they have put in 10 years of service on the analogy of the principle adopted in the case of the posts transferred from the Engineering School.

There is no reference in your letter in regard to menials. I have therefore shown in the statement as permanent only those peons who are known to have been in service in the original Industrial - School and who now continue to do duty in the Chamarajendra Techni -cal Institute. All the other menials are shown as temporary.

I feel however that this arrangement is very arbitrary and is likely to give rise to a good deal of dissatisfaction in the staff of the Institute if it receives the final sanction of Government. The Chamarajendra Technical Institute has long been in existence and I think it should be considered as permanent like the Industrial Schools. The staff of the Industrial Schools are all permanent and pensionable and I do not see why a distinction should be made between the small industrial schools scattered in the Districts and the premier Institution in Mysore.

I beg therefore to recommend that all present holders of posts in the Chamarajendra Technical Institute, if they are confirmed, -- should be considered as permanent and pensionable.

I have the honor to be,
Sir,
Your most obedient servant,

Ranganatha Rao Sahib
Director.

Order No. D. 9552-3/Ec 287-28-6

Dated, Bangalore, the 18 March 1929.

In connection with the pension case of one of the employees of the Chamarajendra Technical Institute, Mysore, the Comptroller has raised the question whether the staff employed in the Chamarajendra Technical Institute, Mysore, in pursuance of the Government Orders of the 1st May 1913 and the 5th May 1917 read in the preamble, should be treated as permanent and pensionable. It is seen from the orders of Government passed from time to time that of the employees of the

Institute, the Superintendent, Assistant Superintendent, Drawing Master and clerks are permanent as also the men transferred to it from the Engineering School. The maistries and teachers entertained under the Government Order of the 7th May 1908 read above, should also be considered as permanent, since it has been directed in the Government Order that they should be placed on a permanent footing at the end of ten years' approved service which they have now completed and allowed to count their service from the start for pension. The rest of the staff wasordered to be placed on a temporary footing in para 8 of the Government Order dated the 1st May 1913.

The Director of Industries and Commerce who was consulted in the matter, is of opinion that since the staff of the Industrial Schools is permanent and pensionable, it is undesirable to keep a portion of the staff of the Chamarajendra Technical Institute on a temporary - footing indefinitely and recommends that the present incumbents of posts in the Chamarajendra Technical Institute be considered as permanent and pensionable, if they are confirmed. Government agree with the Director and direct that the existing temporary hands be considered permanent and pensionable, if they are confirmed. Men who have put in more than ten years' service already may be confirmed and - placed on the permanent and pensionable establishment immediately.

For the future, a classification may be made of permanent and pensionable appointments and of posts which are to be kept on the - temporarybasis for definite periods or indefinitely in the Chamarajendra Technical Institute.
